2. Harvey Brown, of Philip Young's office, informed me by phone that the White House wished to have CIA included within the coverage of the overseas medical benefits bill which was, according to him, just on the verge of being forwarded to the Congress. CIA had previously requested an exemption from the bill because of the fact that we had legislation of our own pending on the same subject. Mr. Brown wished Agency comments by Monday if possible on this proposal. I told him that I would not guarantee them by that time but that we would do our best.
